

**Chief Executive Officer  
Indiana Statewide Association  
Indianapolis, Indiana**

The board of ISA, through NRECA Executive Search, is seeking candidates for the position of CEO. The current CEO has made a career change and the Board is looking to continue and grow its positive reputation and relationships within the state of Indiana and the cooperative program.

ISA seeks candidates with a strong business acumen, demonstrated leadership skills, management and team building experience, excellent communication and interpersonal skills. The successful candidate will be able to work effectively with the association's diverse membership, building consensus, and focusing resources for the good of all the member-systems. Ability to work with all personnel to nurture an environment of opportunity for maximum creativeness and sense of accomplishment, and the utilization of administrative practices which will assure a smoothly operating organization of adequately trained employees.

Experience and the ability to work in the legislative and political arenas effecting today's electric utility industry is critical. Legislative and community relationships are essential for productive communication and support essential to the cooperative family. Demonstrated understanding of the cooperative business model and principles is preferred. Applicants should be thoroughly familiar with the economic and social concerns of the ISA membership.

ISA, a Touchstone Energy Cooperative, services and departments include government relations, job training and safety, regulatory compliance, Electric Consumer publication, a wide array of employee and director training opportunities, and an insurance benefit cooperative. The position is responsible for a staff of twenty-five employees who assist the membership in finding ways to achieve more through cooperation and joint effort and to improve their competitive positions as electric utilities. ISA's membership includes 38 electric coops.

Indianapolis is the state capital and the twelfth largest City in the US. For much of its [history](#), Indianapolis has oriented itself around [government](#) and [industry](#), particularly [manufacturing](#). Today, Indianapolis has a much more diversified economy, contributing to the fields of [education](#), [health care](#), and [finance](#).
